“People often say that motivation doesn’t last. Well, neither does bathing – that’s why we recommend it daily.”
– Zig Ziglar

Laziness is the act of doing nothing when things need to be done.

Laziness sometimes happens when you don't want to face something or someone, or it might be because you feel overwhelmed for doing the task alone. And most of the times, it is because you are interested in other

things like watching YouTube, playing games, and meeting with friends rather than the task that needs to be completed.

To begin the process of breaking free from the bad habit of laziness, whenever you find yourself lazy, you can motivate yourself to go ahead and get started with the task.

So I've compiled this list of 50 powerful quotes to help you motivate yourself to study for your upcoming test.
